Anesthetic/Surgical procedures to be performed:

PREANESTHETIC BLOOD TESTING

It is important to understand that a pre-anesthetic profile does not guarantee the absence of anesthetic complications. It may, however, greatly reduce the risk of complications as well as identify medical conditions that could require medical treatment in the future.

Our greatest concern is the well-being of your pet. We will perform a physical examination before administering anesthesia. However, disorders of the liver, kidneys or blood, are not detected unless blood testing is done.

Abnormalities of any of these may increase anesthetic risk. For these reasons we highly recommend pre-anesthetic blood screens.

- Yes, I want my pet to receive the pre-anesthetic blood work.
- I decline the recommended pre-anesthetic blood work for my pet and understand the surgical risks.
- Pre-anesthetic blood work has already been performed on my pet.

MICROCHIP

- I authorize the doctor to microchip my pet while under anesthesia.
- I do not authorize the doctor to microchip my pet while under anesthesia.
- My pet is already microchipped.

TATTOO (only applicable to spays/neuters)

- I authorize for my pet to be tattooed to identify that it has been spayed or neutered.

Authorization to Perform Surgical Procedure and/or Treatments

I, undersigned owner or owner's agent, of the pet mentioned above the hereby authorize the doctors at New Light Animal Hospital to perform the above anesthetic and surgical procedure(s) for my pet. I understand that some risk always exists with anesthesia and/or surgery, and that I am encouraged to discuss any concerns about those risks with the attending veterinarian before the procedure(s) is/are initiated.

I understand that New Light Animal Hospital is not staffed overnight and I accept any risks incurred by leaving my animal overnight unattended. I understand that I have the option to transport my animal to an overnight/24 hour facility if I so desire.

Signature

Consent/Decline Directive for Cardiopulmonary Resuscitation and Release of Legal Liability

Should, based on the medical judgment of an Animal Diagnostic Veterinarian, my pet, require cardiopulmonary resuscitation (CPR), including cardiac compression, positive pressure respiration, emergency drugs, or other heroic interventions, I request or decline that the doctor(s) at New Light Animal Hospital pursue such medical care as indicated below.

_____ Request For CPR

Having requested such emergency procedures, I agree to be held responsible for a minimum resuscitation fee of \$150.00 to pay for the services performed while staff members pursue treatment and try to reach me for further directions. Regardless of my pet's survival, I agree to pay this fee in addition to the other fees already identified by the practice and agreed upon by me.

I agree that if the New Light Animal Hospital staff is unable to reach me within 15 minutes after the initiation of CPR procedures, and after exercising reasonable medical judgment, a veterinarian determines that there appears to be virtually no hope for medical success, the future CPR procedures will cease.

I have been informed by New Light Animal Hospital and understand that despite the best efforts of the veterinarian and staff at New Light Animal Hospital, CPR may not save my pet's life. I also understand that even the most successful CPR that restores my pet's life may not allow my pet to regain his/her normal mental and physical health, and thus may leave him/her as an invalid.

_____ Decline CPR

DO NOT RESUSCITATE MY PET. I have read the above information and release. I agree to the above terms and release and request that **NO CPR BE PERFORMED ON MY PET.**
